

Espai Natural de les Guilleries Savassona

Sant Feliuet de Savassona

SIGNPOSTED WALKS SL-C 125

From Tavèrnoles 1 to El Sacrifici rock 4

The route begins in Tavèrnoles in front of the information centre located on the square in front of Sant Esteve church 1. Follow the alleyway to the cemetery, where you must take a trail that branches off up to the Tavèrnoles viewpoint 2, which boasts magnificent views of the plain of Vic.

Return to the street and cross the BV-5213. Once you reach the first few houses, take the trail on the right, which leads to a farm.

Further on, the route climbs along a stony path amid oaks, holm oaks and pine trees. If you stick to the main path, you will then come to the Savassona plain, which is accessed via a paved road 3, dating from the medieval period. Before reaching the Savassona plain, take the trail which leads to Sacrifice Rock 4, one of the group's most important sites.

From Sacrifice Rock 4 to Sant Feliuet 5

By turning back on yourself for a few metres, you can then resume the ascent to Sant Feliuet hermitage 5.

The last stretch passes a magnificent medieval stone staircase shielded by a unique rock shelter.

From Sant Feliuet 5 to The Dice 6

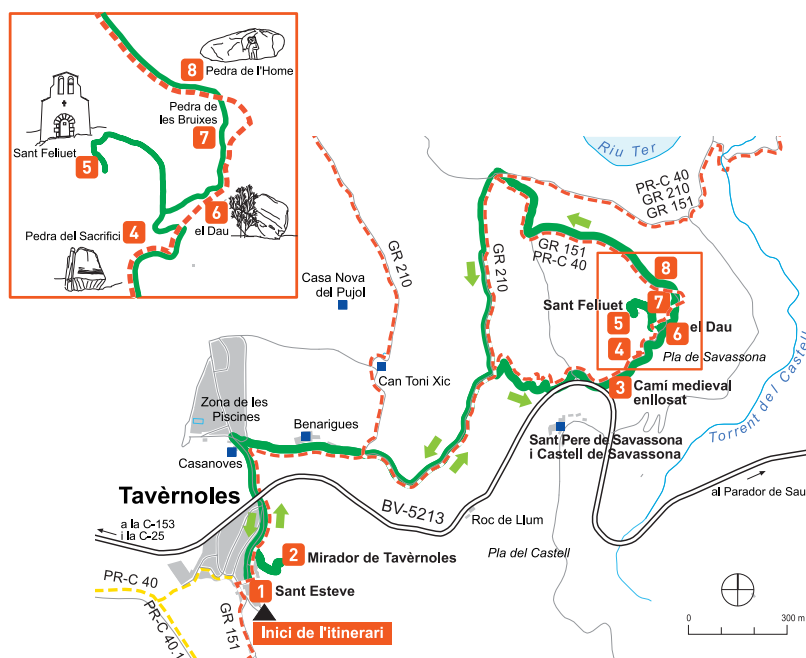

You will now have to turn back along the uphill trail and turn left. After a few meters you will be surprised by the magnitude of a large rock in the shape of a cube standing on one corner, known as The Dice 6.

From The Dice 6 to Witch's Rock 7 and Man's Rock 8

At The Dice be sure to look up in order to spot the next part of the route, which lies on the other side of the Scots pine forest. Just a few steps away is Witch's Rock 7. By following the path you will then come to Man's Rock 8.

From Man's Rock 8 to Tavèrnoles 1

To return to the starting point of the route, follow the trail and, once you come to a track, turn left. Further on, you will notice that you are on the same track as before, which you must follow until Tavèrnoles.

112
emergències

Distance: 6 km

Duration: 1 hr 40 min

Recommendations:

- Wear appropriate footwear and a hat and bring water and binoculars.
- Do not litter or uproot any plants.
- Try not to disturb wildlife and do not release animals into the wild.
- Respect the activity of the farmhouses and agricultural land that you pass through.
- Watch out for other path users, such as motorised vehicles, bicycles, horses, etc.
- If you notice any incidents along the route, please inform the Park Office: en.guilleries@diba.cat.

How to find us

By car: take Exit 183 (Roda de Ter/Tavèrnoles) off the Eix Transversal (C-25) onto the C-153 and then branch off to the right to join the BV-5213 to Tavèrnoles.
